Club:	Anderlecht
Competition:	First Division A
Nationality:	Belgium
Position:	GK
Age:	26 y.o. (30.04.1993)
Foot:	Left
Height:	188 cm

Hendrik van Crombrugge is a tall, athletic and physically strong goalkeeper. He performs very well being under pressure and has good ball control. When the situation demands he's always ready to distribute the ball and build up the attack with a short or a long pass. Very competent as a sweeper keeper!

His height allows him to feel confident in the aerial duels and helps to punch or claim high balls. He isn't generally using his hands for long throws, preferring to build up the attack through a long range kick. He has very good reflexes and great feeling of timing to run out from the box to close the distance with the shooter. That allows him to be in the optimal position on most dangerous situations and save difficult shots from short distance.
